Christmas Lights – T Wilson attended the meeting to give information regarding the tree lights at the Village Hall, He informed the Parish Council that the lighting of 2 trees in the car park had cost £400 and he estimated that lights for the remaining trees would cost approximately £1500.

The lights came in strings of 20 bulbs, which connect together. Once the lights were placed in the trees, they remain there. Councillors thanked T Wilson for his attendance and information.

Discussion then took place regarding the lighting of the trees in the village hall car park. It was felt that the tree lighting was the responsibility of the village hall, but the Parish Council agreed to offer a donation of £800 towards tree lights.

D Shepherd reported that he had done some costings towards using battery operated lights to start decorating the village. On the lines of what Staindrop have done, a set of battery operated lights which would be attached to a mesh and then wrapped around some of the telegraph poles within the village which do not have street lights, would cost around £66 a set.

It was agreed to buy and make up 1 set of lights and if effective then to buy a further 10 sets, to start lighting up the village.

DCC Consultations – One of the current DCC Consultations was The Exceptions to the Empty and Unfurnished Properties and Second Homes Council Tax Premiums,

Discussions took place regarding the number of empty properties within the village and it was agreed that Councillors identify these empty properties and give a list to the Clerk at the next meeting,

Also a discussion took place regarding the lack of social housing within the village and the need for more social housing. This had also been identified at a recent seminar held in the village hall.

Houses bought as second homes within the village brought little income to the area, but although the village had a large number of holiday cottages, which did bring income into the area, the number of holiday cottages should be restricted. The younger residents of the village who wanted to remain in the village are unable to do so owing to property costs and a lack of rental properties, thus a need for more social/affordable housing. It was agreed that this matter should be an agenda

item for the Annual Parish Meeting.
